LinkedIn

As a Full-Stack Developer with a strong focus on React.js, I specialise in building engaging and user-friendly web applications. My skills include creating responsive interfaces, writing clean code, and implementing user-friendly design solutions that improve usability. With a background in teaching and team coordination, I've developed excellent organisational skills, attention to detail, and a collaborative mindset. I'm eager to contribute to innovative projects while growing as a developer.

SOFT SKILLS

- Problem-solving
- Team collaboration
- Attention to detail
- Willingness to learn

TECH STACK

- HTML, CSS/SASS, JavaScript, React.js
- GIT
- Node.js, Express.js, APIs
- MongoDB, Firebase, Supabase, MySQL
- Cypress, Postman

LANGUAGES

- Spanish: Native
- English: Advanced
- Catalan: Elementary
- Italian: Elementary

PROJECTS

IRONHUB - A FORUM FOR IRONHACK STUDENTS React.js, CSS, Express.js, MongoDB, Cypress

This is the final Ironhack project, a Full-stack app that required user authentication, CRUD operations for posts, replies and profiles, and data filtering. I contributed by styling parts of the app, managing forms, and connecting CRUD operations to the database, ensuring seamless functionality and usability.

WATCH VAULT - YOUR MOVIES LIST APP React.js, CSS, Supabase, CRUD operations

This app is a digital library for movies that includes features like searching and filtering movies, or adding/editing or deleting movies in your list. I contributed to the design, user interface, and ensuring smooth functionality by integrating API calls, managing the data display, and implementing CRUD operations.

PURRRFECT PAIRS- MEMORY GAME HTML, CSS, JavaScript, OOP, Game Development

Purrrfect Pairs is a memory game where players match pairs of cat images. I designed the gameplay, shuffled the cards, and implemented the game logic using Object-Oriented Programming (OOP). My focus was on creating an interactive experience with smooth animations and clear instructions, optimized for desktop.

EDUCATION

FULL-STACK WEB DEVELOPMENT BOOTCAMP Ironhack Barcelona

Oct 2024 - Dec 2024 (400h total hours)

Intensive web development bootcamp where I gained skills in full-stack technologies such as HTML, CSS, JavaScript, React, Node.js, Express.js, and SQL/NoSQL databases, working on practical and collaborative projects.

NATIONAL ENGLISH TRANSLATION DEGREE Córdoba, Argentina

Bachelor's degree program at National University of Córdoba

COURSES

REACT FRONT-END DEVELOPMENT FULL COURSE CoderHouse Argentina

January - October 2024 (120 total hours)

Web development, JavaScript, and React courses focused on creating interactive and dynamic interfaces, with hands-on learning of key technologies for modern client-side development. Online format.

FULL-STACK DEVELOPMENT ONLINE COURSE Udemy - Angela Yu

2023 (60 total hours)

Online introductory program on web development, Full-Stack, with practical projects and tasks to apply what was learned.

EXPERIENCE

SUMMER CAMP COORDINATOR British Summer, Jul 2024

As a Summer Camp Coordinator at Cheltenham College, I enhanced my empathy, adaptability, and conflict resolution skills by providing 24/7 support to students, handling various emotional and logistical challenges, and ensuring a smooth experience during city tours. My ability to work under pressure and maintain a positive environment contributed to all students passing their English course and receiving excellent feedback from families.

ACADEMIC COORDINATOR/ASSISTANT DIRECTOR Kids&Us Sant Martí Oct 2021- Jul 2024

During this period, I developed strong leadership, communication, and problem-solving skills while managing a team of 20 teachers and supporting and tracking the progress of more than 180 students. I also demonstrated customer engagement and organization by successfully planning client acquisition events, achieving enrollment goals of more than 20 students during vacation periods.
